Ultimate Rowing Challenge

for paraplegic Angela Madsen

2013 Solo Trans-Pacific Ocean Row

DATE June 8, 2013
estimated number of days at sea 80–100

BOAT Spirit of Orlando
20' solo mono hull ocean rowing vessel

ROUTE California to Hawaii
approximately 2,300 miles

I'm preparing to row a solo ocean rowing boat all the way from California to Hawaii without the assistance of a support boat. This means I will stay on my little boat the entire time, with only enough provisions onboard to sustain my life for the duration of the journey (no one will be there to provide additional food or water). I will row as many hours a day as possible and try to not drift too far off course while sleeping.

*The expedition begins June 8 from Santa Cruz, California — **2,300 miles** to Waikiki, Hawaii.*

*Follow my journey on **RowofLife.com** and <http://www.facebook.com/MilitaryVeteranTributeRow>*
